

FITTINGS AND ACCESSORIES

FOR FURNITURE AND KITCHENS

PEKA – THE ORIGINAL AND BEST SINCE 1964

Your enjoyment of your home is our chief concern. We at peka are passionate about enhancing your enjoyment of your home with our practical, flawlessly made furniture fittings that combine an attractive appearance with unmatched quality.

We have been developing and manufacturing pull-outs, accessories and smart interior solutions for the kitchen and furniture industry for over fifty years.

Our unwavering dedication to producing inventive, space-saving solutions and our resolute refusal to compromise on quality and functionality have made us a global leader in our industry. Today, we are one of the top market providers of larder unit pull-outs, slide-out corner systems and ecologically designed waste sorting systems. Our numerous international patents and design awards stand testament to our ingenuity.

HOCHSCHRANK PLENO PLUS LARDER PULL-OUT

The efficient larder unit solution for an unbeatable overview and excellent accessibility

CONFIGURATIONS

Libell shelves, white

Libell shelves, silver

Libell shelves, anthracite

Fiore shelves, anthracite

DISTINGUISHING FEATURES

- Just like in a fridge, the unit's contents are distributed across the door shelves and the pull-out
- Smaller groceries and spice jars in the door shelves
- Bigger bags and groceries in the top of the pull-out
- Large pots and dishes in the bottom of the pull-out

- The larger shelves slide out of the unit automatically when the doors are opened
- Everything in the unit is easy to reach – even items stored on the top shelf, since the shelves are only half the depth of the unit

- For hinged doors (with handles or handle-free with a push-to-open system)
- Can mounted on the right or on the left
- Soft opening and closing
- Mounted on ball bearings for smooth movement

- A full overview in just one easy step
- All the shelves slide out at the same time
- A time-saving solution → No more rummaging around
- A clear overview means no more spoilage
- Height-adjustable shelves
- Easy installation
- Just one set of fittings allows full use of all the space in the unit, even the top shelf

OPTIONS

Non-slip mat

The non-slip mat stops the unit's contents from sliding around.

Divider

Magnetic dividers are a flexible way for you to organise the space on your shelves and stop stored items from falling out of the unit.

Wooden boxes

Handmade oak boxes of various sizes for storing and organising small items. You can stack and rearrange them however you like.

Push-to-open

The door opener for units with handle-free front panels: opens the door by 40 mm to make it easy to grasp.

HOCHSCHRANK PLENO STANDARD LARDER PULL-OUT

The universal larder pull-out for units with standard hinged doors

 swiss made

CONFIGURATIONS

Libell shelves, white

Libell shelves, silver

Libell shelves, anthracite

Fiore shelves, anthracite

DISTINGUISHING FEATURES

- Just open the unit doors to make the unit's contents glide out smoothly
- The universal larder unit pull-out for kitchens, living rooms and dressing rooms
- Access from three sides
- You can adjust the heights of the clip-on shelves individually
- For hinged doors with standard hinges (front panels with handles or handle-free front panels with push-to-open system)
- Can be mounted on the right or left
- Soft opening and closing
- Mounted on ball bearings for smooth movement when pulled out

OPTIONS

Adjustable extra shelves

These magnetic extra shelves can simply be placed on top of the shelves, and their angle can be adjusted. A practical solution that provides extra space for items like pot lids.

Non-slip mat

The magnetic non-slip mat for Libell shelves stops the unit's contents from sliding around.

Wooden boxes

Handmade oak boxes of various sizes for storing and organising small items. You can stack and rearrange them however you like.

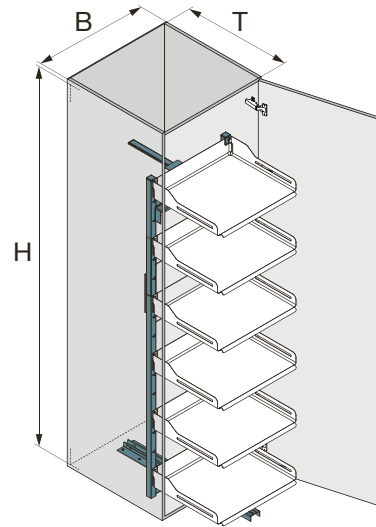

Push-to-open

The door opener for units with handle-free front panels: opens the door by 40 mm to make it easy to grasp.

TRIO LARDER UNIT

A clear, attractive layout and unbeatable access – what more could you ask for in a larder unit?

 swiss made

CONFIGURATIONS

Libell shelves, white

Libell shelves, silver

Libell shelves, anthracite

DISTINGUISHING FEATURES

- When the unit is opened, the system offers a full overview and direct access
- Two Extendo pull-out shelves provide an excellent overview and immediate access to heavy pots and kitchen appliances
- Easy front access and a full view of all shelf contents when fully extended
- Uses every last inch of space across the entire width of the unit
- Everything in the unit is easy to reach – even items stored on the top shelf, since the shelves are only half the depth of the unit
- Smaller groceries and spice jars in the door shelves
- Bigger bags and groceries on the shelves inside the unit
- The door shelves can be fixed in place with just two screws
- The shelves' rounded corners and edges make them easy to clean
- Suitable for units with standard hinges (front panels with handles or handle-free front panels with push-to-open system)

OPTIONS

Non-slip mat

The non-slip mat for Libell shelves stops the unit's contents from sliding around.

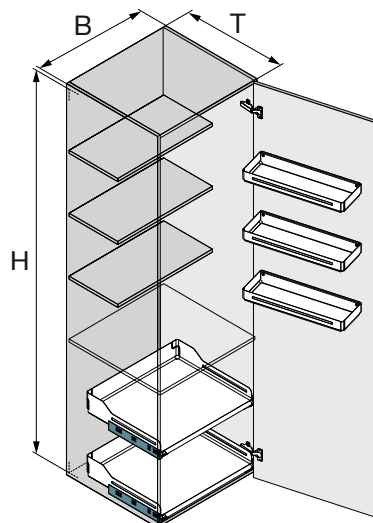

Divider

Magnetic dividers are a flexible way for you to organise the space on your Libell shelves and stop stored items from falling out of the unit.

2 mats for Extendo pull-out shelves

Unit width	Surface	Width	Depth	Height	Art. No.
600	grey				100.1155.18

Divider set magnetic

For Libell and Fioro shelves

- Can be attached to the shelf (base or side) or the non-slip mat

Set of 4 pieces

	Surface	Width	Depth	Height	Art. No.
	white	85	26 / 3	90	100.1121.51
	grey	85	26 / 3	90	100.1121.52
	anthracite	85	26 / 3	90	100.1121.43

EXTENDO LARDER UNIT

The flexible pull-out shelf that is right at home anywhere

CONFIGURATIONS

Extendo Libell, white

Extendo Libell, silver

Extendo Libell, anthracite

Extendo Fioro, anthracite

DISTINGUISHING FEATURES

- Compatible with any kind of unit – even units with hinged doors or no doors at all
- Easy front access and a complete overview of contents when fully extended
- Great for storing tableware, pots and groceries

- Uses every last inch of space in the unit
- Shelves can be fully extended
- Can be fitted in any unit, whatever the width
- The metal shelves are extremely stable, even when they are very wide

- The shelves' rounded corners and edges make them easy to clean
- Compatible with all standard drawer runners

- The Click Stop locking mechanism prevents Extendo pull-out shelves from rolling back into the unit too soon

- Handmade oak boxes of various sizes for storing and organising small items
- You can stack and rearrange them however you like

OPTIONS

Adjustable extra shelves

These magnetic extra shelves can simply be placed on top of the shelves, and their angle can be adjusted. A practical solution that provides extra space for items like pot lids.

Non-slip mat

The non-slip mat stops the unit's contents from sliding around.

Divider

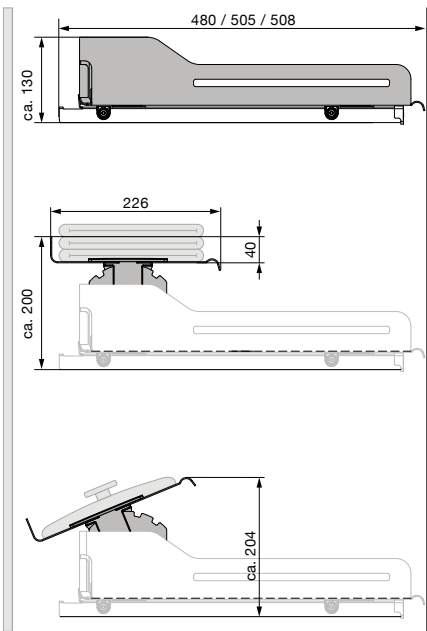

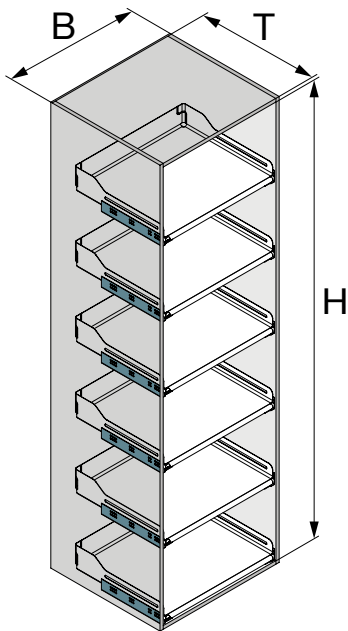

Magnetic dividers are a flexible way for you to organise the space on your shelves and stop stored items from falling out of the unit.

Click Stop

The locking mechanism for pull-outs Click Stop temporarily transforms a movable pull-out shelf into a fixed work surface.

TECHNICAL ILLUSTRATION

B= Unit widths	450/500/550/600 mm
T= Interior depth	480 mm (without spacer, with adapter set for drawer runner Blum Legrabox) 505 mm (without spacer, with universal adapters) 508 mm (with spacer)
H= Interior height	See the illustration at the top right

EXTENDO PULL-OUT SHELF

The flexible pull-out shelf that is right at home anywhere

CONFIGURATIONS

Extendo Libell, white

Extendo Libell, silver

Extendo Libell, anthracite

Extendo Fioro, anthracite

DISTINGUISHING FEATURES

- Compatible with any kind of unit – even units with hinged doors or no doors at all
- Easy front access and a complete overview of contents when fully extended
- Great for storing tableware, pots and groceries

- Uses every last inch of space in the unit
- Shelves can be fully extended
- Can be fitted in any unit, whatever the width
- The metal shelves are extremely stable, even when they are very wide

- The shelves' rounded corners and edges make them easy to clean
- Compatible with all standard drawer runners

- The Click Stop locking mechanism prevents Extendo pull-out shelves from rolling back into the unit too soon

- Handmade oak boxes of various sizes for storing and organising small items
- You can stack and rearrange them however you like

OPTIONS

Adjustable extra shelves

These magnetic extra shelves can simply be placed on top of the shelves, and their angle can be adjusted. A practical solution that provides extra space for items like pot lids.

Non-slip mat

The non-slip mat stops the unit's contents from sliding around.

Divider

Magnetic dividers are a flexible way for you to organise the space on your shelves and stop stored items from falling out of the unit.

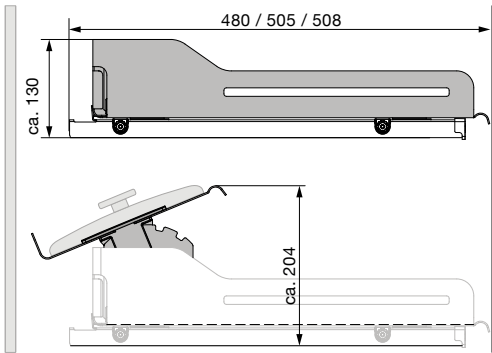

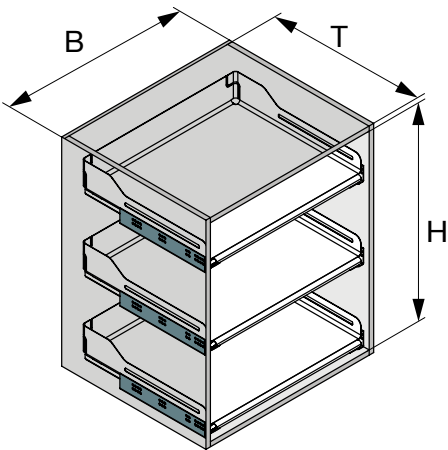

Click Stop for Extendo

The Locking mechanism for pull-outs Click Stop temporarily transforms a movable pull-out shelf into a fixed work surface.

2

TECHNICAL ILLUSTRATION

B= Unit widths	450 / 500 / 550 / 600 / 900 mm
T= Interior depth	480 mm (without spacer, with adapter set for drawer runner Blum Legrabox) 505 mm (without spacer, with universal adapters) 508 mm (with spacer)
H= Interior height	See the illustration at the top right

SNELLO BASE UNIT PULL-OUT

The space-saving pull-out system for compact kitchens

 swiss made

CONFIGURATIONS

Base unit pull-out, Libell
(white, silver, anthracite)

Base unit pull-out, Fioro
(anthracite)

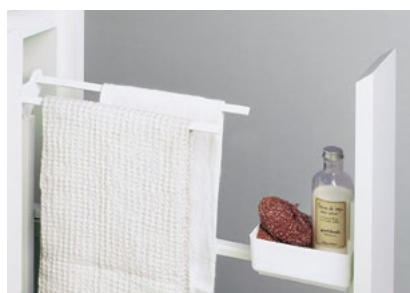

Towel rail extension, Libell
(white, silver, anthracite)

Towel rail extension, Fioro
(anthracite)

DISTINGUISHING FEATURES

- Special two-stage extension system for narrow base units (150, 200 and 300 mm)
- Great for storing spices, cleaning materials or bottles
- The shelves' closed bases stop bottles from toppling and small items from falling through
- Towel rail with a handy plastic container for hand towels, cloths and sponges
- A great solution for those small spaces around the sink or cooker
- The shelves are easy to remove for cleaning
- Moves smoothly and quietly
- No visible guide rails Excellent access from the left or the right
- Push-to-open available as an option for handle-free front panels

OPTIONS

Non-slip mat

This non-slip mat stops the unit's contents from sliding around.

Divider

Magnetic dividers are a flexible way for you to organise the space in your unit and stop bottles from toppling.

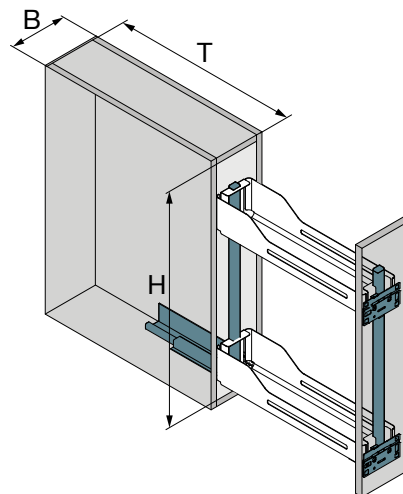

Push-to-open

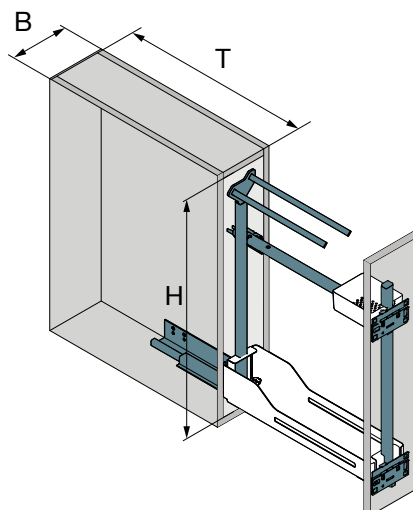

Opens handle-free unit fronts by around 50 mm, making them easy to grasp.

DRAWER ACCESSORIES

Practical drawer organisation systems

PRODUCT OVERVIEW

Spider

This bottle rack can simply be clipped onto the left or right side of the back wall – no need for tools – and leaves plenty of room for pots, pans or other items.

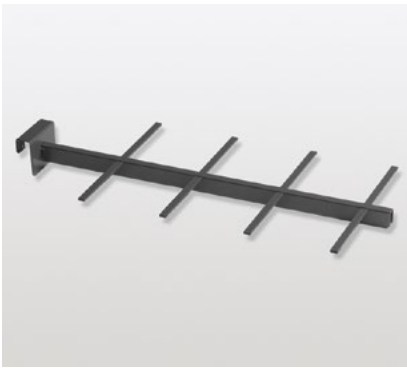

Bottle basket

This portable bottle basket can be put in any drawer.

Spice rack

This flat rack allows all kinds of spice containers to be stored neatly, even in shallow drawers.

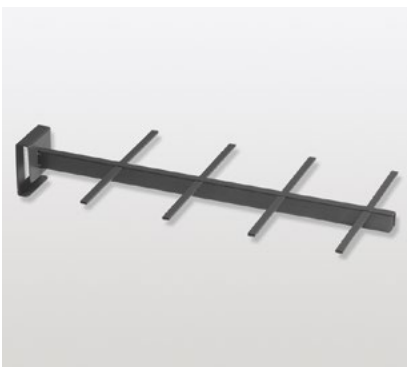

Spider bottle partition (wooden back wall)

Bottle partition (double-row) for drawers with wooden back walls (16 mm)

- Clips onto back wall – no tools required

Unit width	Surface	Width	Depth	Height	Art. No.
275	white	175	435	44	200.1801.21
275	anthracite	175	435	44	200.1801.43

silver available on request

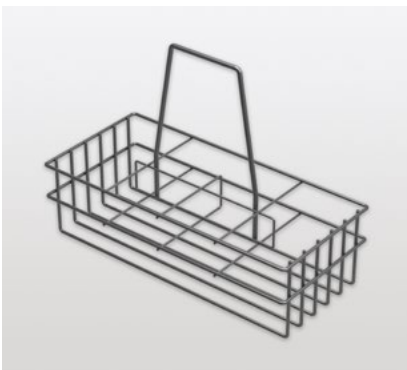

Spider bottle partition (metal back wall)

Bottle partition (double-row) for Blum Tandembox, Intivo and Antaro drawers with metal back walls

- Clips onto back wall – no tools required

BASE UNIT ACCESSORIES

Handy helpers for base units

PRODUCT OVERVIEW

Click Stop locking mechanism for pull-outs

Click Stop turns a movable pull-out shelf into a fixed work surface – and back again. The shelf automatically locks in place when fully extended. To unlock it, pull the shelf forward again and then slide it back into place.

Ideal as a pull-out shelf for your coffee machine, a desk for your home office, a laundry table, a presentation table, a food preparation space, a packing table or a changing table.

Sesam Mini

A simple clip-on, closed-base shelf for storing small kitchen utensils or cleaning materials.

Extending towel rail

With this extending towel rail, your bathroom or kitchen towels will always be within easy reach.

Baking tray holder

This bracket allows you to store baking trays or chopping boards inside a unit without taking up too much space, for easy access at any time.

Porter

Base-mounted pull-out for gas canisters, machines or bottle crates.

Click Stop left

Locking mechanism for Extendo pull-out shelves and wooden pull-out shelves

- Compatible with Extendo from December 2019
- Can be retrofitted
- Compatible with Extendo pull-out shelves
- For pull-out shelves with standard concealed rails for wooden drawers

OEKO COMPLET WASTE SYSTEM

The hard-wearing complete system for household waste sorting

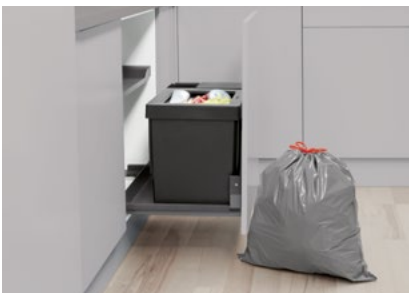

CONFIGURATIONS

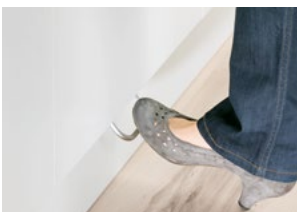

anthracite

DISTINGUISHING FEATURES

- Makes optimal use of space thanks to its generously-sized containers and additional storage
- Waste sorting and disposal is a piece of cake with Oeko Complet
- Choose the containers you want and arrange them however you like
- Waste bags of various sizes (15 to 50 litres) can be clipped into the frame quickly and easily
- The pull-out metal shelf offers extra storage space
- Handy additional container for compost or cleaning materials
- The system's height can be adjusted through 30 mm, so it fits under any sink
- Complete system, including extension runners with a load capacity of 110 kg
- Soft opening and closing make for smooth, quiet movement

OPTIONS

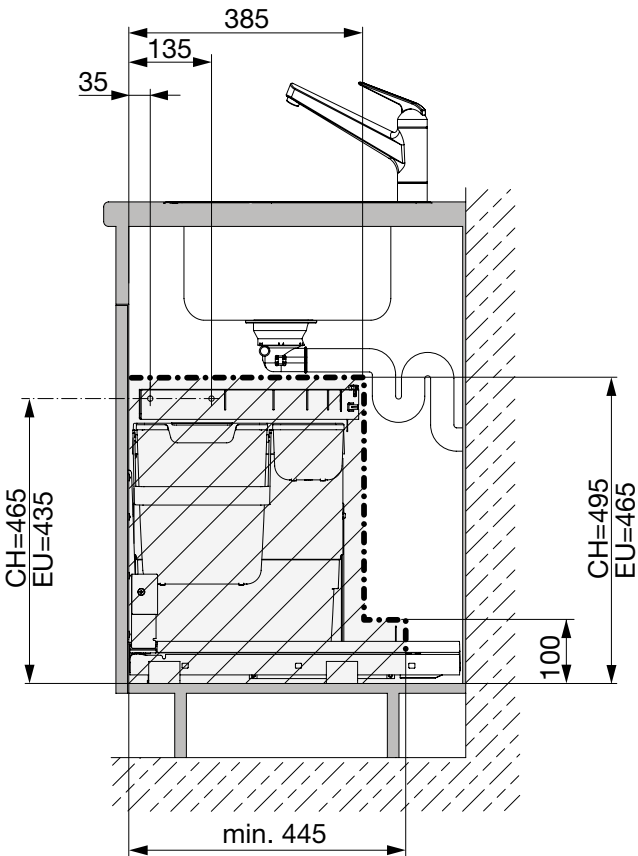

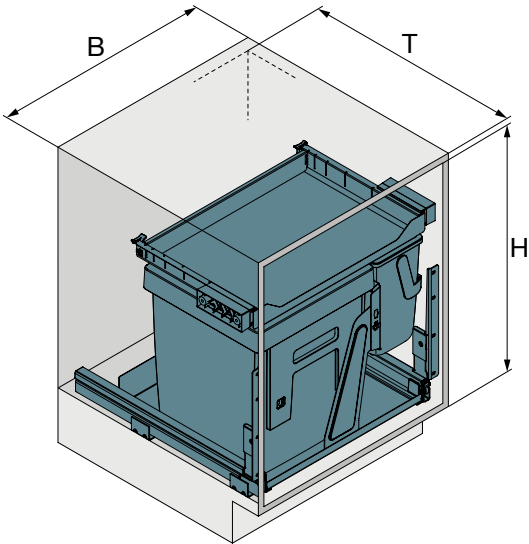

Foot pedal

The foot pedal allows you to open the door hands-free – simple and hygienic!

TECHNICAL ILLUSTRATION

B= Unit widths	450/500/550/600 mm
T= Interior depth	495/545 mm
H= Interior height	495/465 mm

Depth = length of the guide rail

Installation depth 540 mm = standard unit

Oeko Complet | 40 litres

Complete mechanism set, including sliding system (load capacity of 110 kg)

- Height-adjustable
- For side panels measuring 16 and 19 mm

Set includes:

1 x 40 litre waste bin

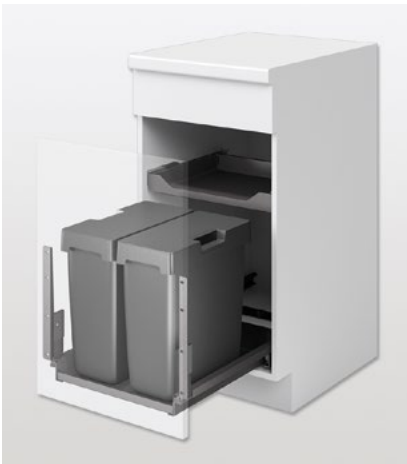

1 x Sliding system with Softopen and Softclose

1 x Pull-out metal shelf

Set of assembly material

Unit width	Surface	Width	Depth	Height	Art. No.
450 / 500	anthracite	412 - 468	490	490 / 460	200.1661.43

Depth = length of the guide rail

Oeko Complet | 17+17 litres

Complete mechanism set, including sliding system (load capacity of 110 kg)

- For side panels measuring 16 and 19 mm

Set includes:

2 x 17 litre multi-purpose container* including lid

1 x Sliding system with Softopen and Softclose

1 x Pull-out metal shelf

Set of assembly material

Unit width	Surface	Width	Depth	Height	Art. No.
450 / 500	anthracite	412 - 468	490	460	200.1662.43
450 / 500	anthracite	412 - 468	540	460	200.1665.43

Depth = length of the guide rail | * Not suitable for 17 litre waste bags

Oeko Complet | 40+6+1,2 litres

Complete mechanism set, including sliding system (load capacity of 110 kg)

- Height-adjustable
- For side panels measuring 16 and 19 mm

Set includes:

- 1 x 40 litre waste bin
- 1 x 6 litre compost bin including lid
- 1 x 1,2 litre multi-purpose container
- 1 x Divider panel
- 1 x Sliding system with Softopen and Softclose
- 1 x Pull-out metal shelf

Set of assembly material

Unit width	Surface	Width	Depth	Height	Art. No.

OEKO FREEZYBOY COMPLET WASTE SYSTEM

The complete waste system with the chilled FreezyBoy organic waste bin
for custom waste sorting

CONFIGURATIONS

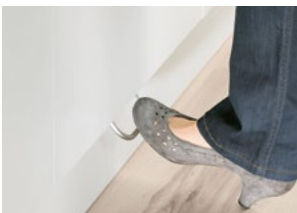

for 550/600 mm wide units,
with 33-litre metal bin

DISTINGUISHING FEATURES

- FreezyBoy chills organic waste to -5°C
- This prevents decomposition and banishes unpleasant odours
- You only need to empty the inner container when it is full
- The easy-to-carry inner container is dishwasher safe
- The pull-out metal shelf offers extra storage space
- Complete system, including extension runners with a load capacity of 110 kg
- Soft opening and closing make for smooth, quiet movement
- Locking system for 33-litre bin and for FreezyBoy with spacer
- The waste bag is simply clipped into the opening in the 33-litre metal bin and covered neatly with the fitted frame

OPTIONS

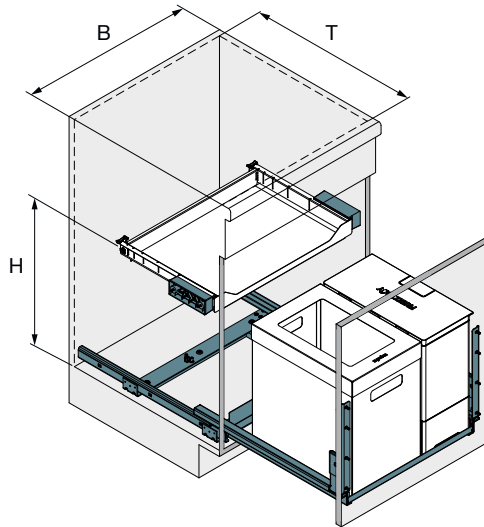

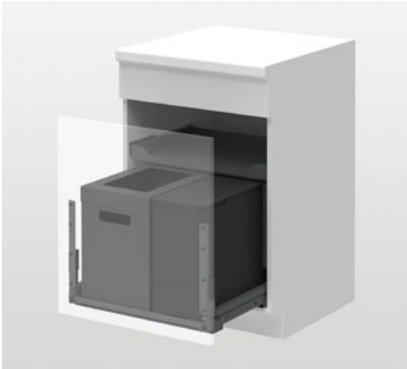

Foot pedal

The foot pedal allows you to open the door hands-free – simple and hygienic!

TECHNICAL ILLUSTRATION

B= Unit widths	550/600 mm

OEKO UNIVERSAL WASTE SYSTEM

The flexible waste system for any drawer pull-out

CONFIGURATIONS

Oeko Universal 40+6+1,2 litres

Oeko Universal 40+17 litres

Oeko Universal 40 litres+Bag

Oeko Universal 40 litres+Spider

DISTINGUISHING FEATURES

- Waste bags of various sizes (15 to 50 litres) can be clipped into the frame quickly and easily
- Waste sorting and disposal is a piece of cake with Oeko Universal
- Choose the containers you want and arrange them however you like

- The pull-out metal shelf offers extra storage space
- Handy additional container for compost or cleaning materials
- Compatible with all drawer pull-outs on the market

- Stable holders and an easy-clean mat for secure positioning in drawer pull-outs
- The system's height can be adjusted through 30 mm, so it fits under any sink

Oeko Universal 40 litres+Spider

- This bottle partition for cleaning products can be mounted directly on the left or right side of the wooden back wall – no tools required!

Oeko Universal 40 litres+Bag

- The Oeko Bag, which is made of hard-wearing woven polypropylene fabric, can be placed to the left or right of the 40-litre container

Oeko Universal with Quooker

- Oeko Universal is also available for drawer pull-outs with a depth of 400 mm, and so is compatible with Quooker
- Thanks to Quooker, you can have boiling water on tap

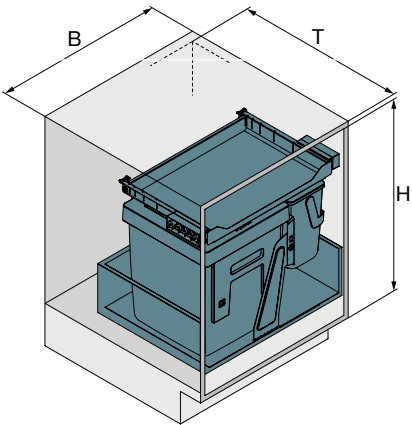

OPTIONS

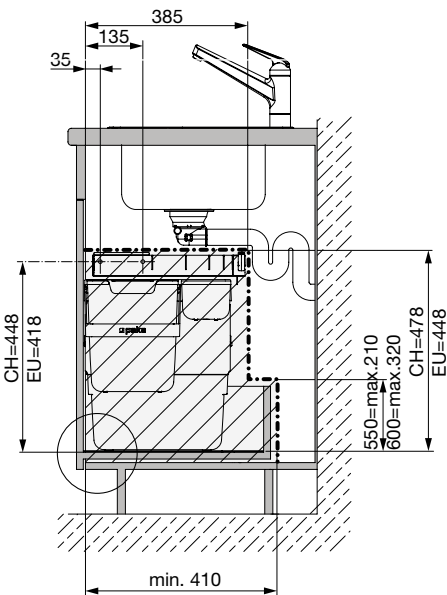

Foot pedal

The foot pedal allows you to open the door hands-free – simple and hygienic!

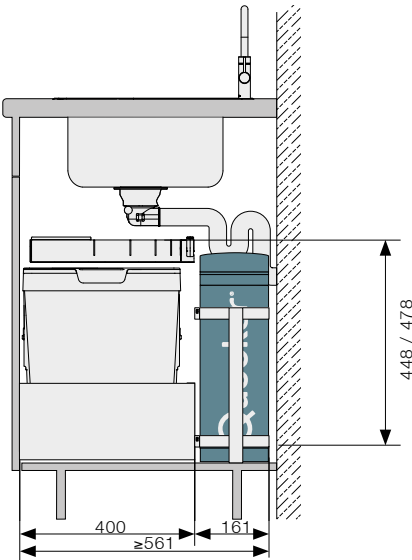

TECHNICAL ILLUSTRATION

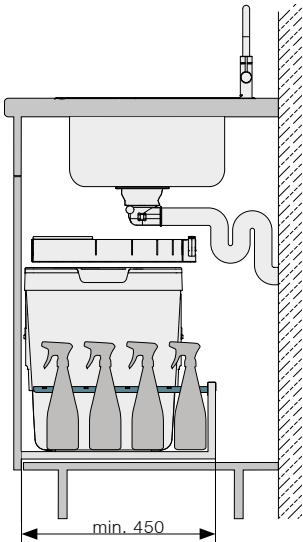

B= Unit widths	450/500/600/900 mm

OEKO FREEZYBOY UNIVERSAL WASTE SYSTEM

The flexible waste system with the FreezyBoy chilled organic waste bin – compatible with all drawer pull-outs on the market

CONFIGURATIONS

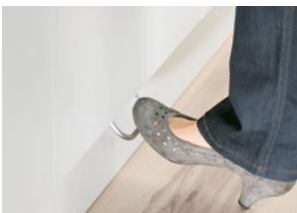

for 600 mm wide units,
with 40-litre plastic bin

DISTINGUISHING FEATURES

- FreezyBoy chills organic waste to -5°C
- This prevents decomposition and banishes unpleasant odours
- You only need to empty the inner container when it is full
- The easy-to-carry inner container is dishwasher safe
- The pull-out metal shelf offers extra storage space
- A smart locking system holds the bin and FreezyBoy in position on the floor of the pull-out
- Waste bags of various sizes (15-50 litres) can quickly and easily be clipped into the frame of the 40-litre plastic bin for 600 mm units
- The height of the system (40-litre bin + FreezyBoy) can be adjusted through 30 mm, so it fits under any sink

OPTIONS

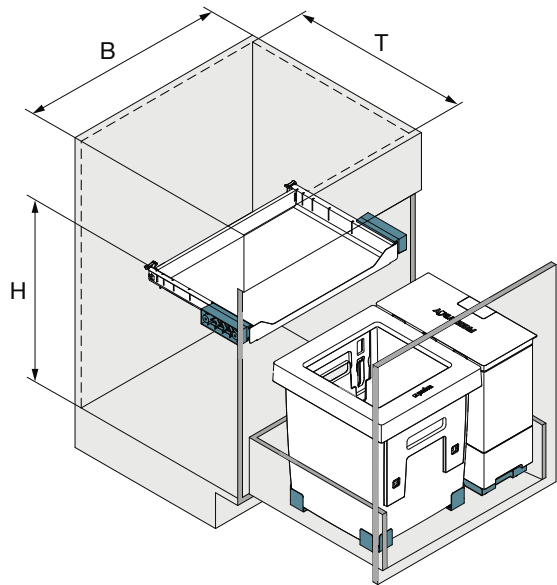

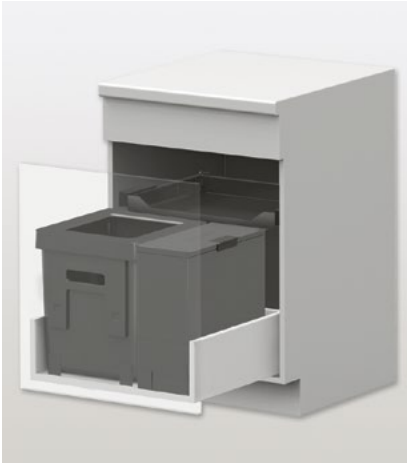

Foot pedal

The foot pedal allows you to open the door hands-free – simple and hygienic!

MAGIC CORNER COMFORT CORNER PULL-OUT

Optimal use of space in corner units

CONFIGURATIONS

Libell shelves
(white / silver / anthracite)

Fiore shelves, anthracite

Basket Excellent, chrome

DISTINGUISHING FEATURES

- Just open the doors and pull on the handle to make the front shelves swing right out of the unit
- The back shelves can be pulled out individually for easy loading and unloading
- The perfect solution for storing tableware, pots and pans
- Excellent access and a clear overview across the entire storage space from three sides
- Makes best use of the available space
- Height-adjustable front shelves
- Integrated Softclose soft-closing mechanism
- The front shelves can easily be removed for cleaning and clipped back into place
- For hinged doors: the hinges can be on the right or the left

OPTIONS

Non-slip mat

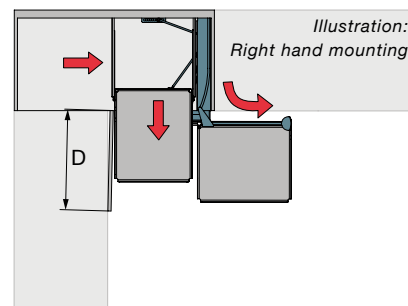

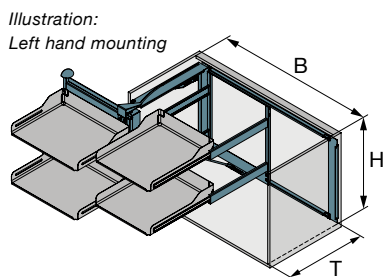

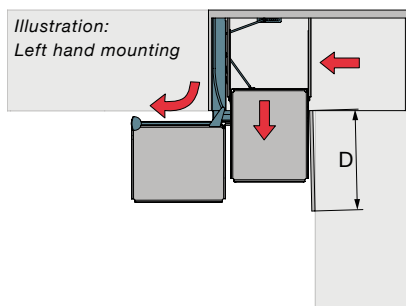

This non-slip mat stops the unit's contents from sliding around.

Divider

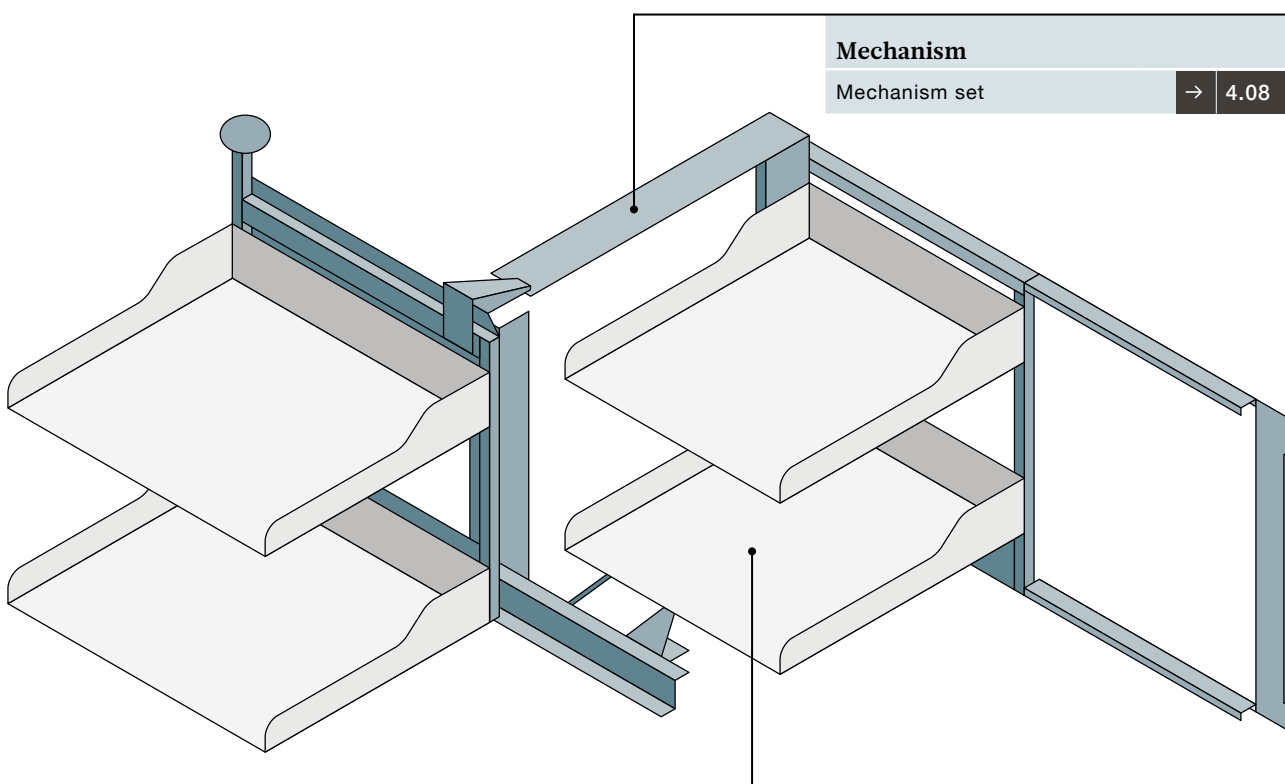

Magnetic dividers are a flexible way for you to organise your shelf space.

EXTENDO DRESSER PULL-OUT

Pull-out shelves for dresser units in kitchen corners

CONFIGURATIONS

Extendo Libell, white

Extendo Libell, silver

Extendo Libell, anthracite

Extendo Fioro, anthracite

DISTINGUISHING FEATURES

- Flexible shelf system for any type of dresser unit – even doorless units and units with rolling shutters
- An ingenious solution for storing your coffee machine while keeping the work surface clear
- Uses every last inch of space in the unit
- Can be fitted in any unit, whatever the width
- Easy front access and a complete overview of contents when fully extended
- The shelves' rounded corners and edges make them easy to clean
- The metal shelves are extremely stable, even when they are very wide
- Compatible with all standard drawer runners

- Handmade oak boxes of various sizes for storing and organising small items
- You can stack and rearrange them however you like.

OPTIONS

Adjustable extra shelves

These magnetic extra shelves can simply be placed on top of the shelves, and their angle can be adjusted.

Non-slip mat

The non-slip mat stops the unit's contents from sliding around.

Divider

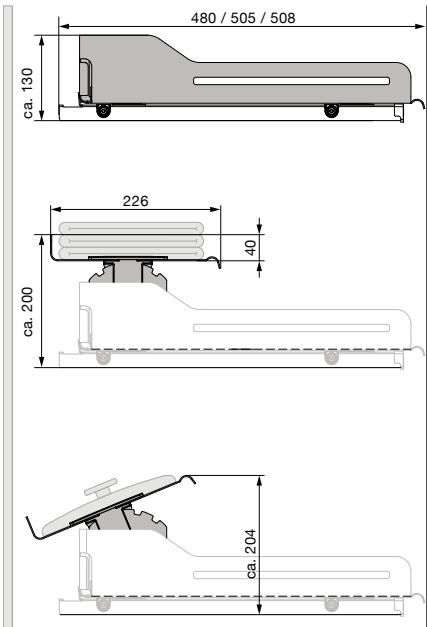

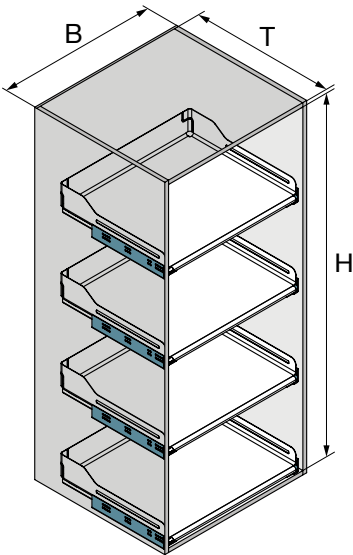

Magnetic dividers are a flexible way for you to organise the space on your shelves and stop stored items from falling out of the unit.

Click Stop

The locking mechanism for pull-outs Click Stop temporarily transforms a movable pull-out shelf into a fixed work surface.

TECHNICAL ILLUSTRATION

PEGASUS SHELF LIFT

The premium shelf lift for easy access to high shelves

CONFIGURATIONS

Libell shelves, white

Libell shelves, anthracite

DISTINGUISHING FEATURES

- Just a light pull on the handle brings the unit's contents down to eye level
- Maximises storage space for tableware, groceries and appliances
- A great solution for barrier-free kitchens and homes
- Built-in brake and soft-swinging mechanism for gentle movement with a minimum of effort
- Fixtures for clipping in Libell metal shelves or custom wooden shelves/trays
- Rotating adjuster for setting the brake/soft-swinging mechanism
- Shelf heights can be tailored to your needs
- Shelves can easily be removed for cleaning and clipped back into the frame

OPTIONS

Non-slip mat

This magnetic non-slip mat stops the unit's contents from sliding around.

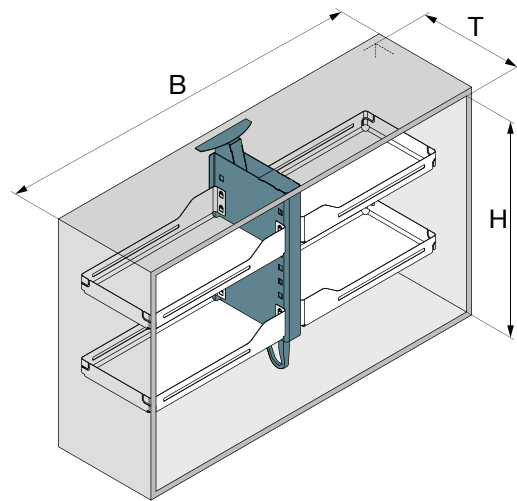

Shelf support

This shelf support gives you the option of using custom shelves or wooden trays instead of Libell shelves.

BRING ORDER TO YOUR CLEANING CUPBOARD

A clear overview, good organisation and, above
all, quick access are vital when you are cleaning.

A clean, organised home, from the kitchen out.

SESAM STANDARD CLEANING CUPBOARDS

For organised storage of cleaning and housekeeping items

CONFIGURATIONS

Sesam, white

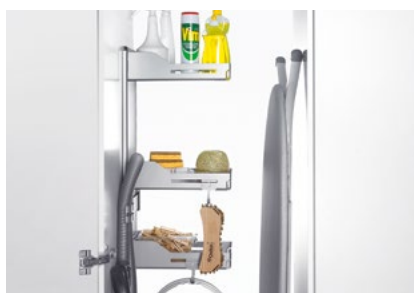

Sesam, silver

Sesam, anthracite

DISTINGUISHING FEATURES

- Perfectly suited to storing cleaning and housekeeping items
- Side-mounted, leaving space for a clothes airer or an ironing board
- Can also be used for grocery storage
- Uses – and organises! – all the available space in the cupboard
- The shelves' bases are closed, which stops bottles from toppling and small items from falling through
- Easy assembly – four screws are all you need
- Can be mounted on the right or left wall of the cupboard
- The shelves, vacuum cleaner hose holder and hooks are all height-adjustable

OPTIONS

Tablo Libell

The shelves are simply fitted on the inside of a unit door, providing a handy storage space and quick access to small items

Sesam Mini

Simple shelving system mounted on the inside of the door

Dustpan and brush holder

Holder for standard sweeping tools

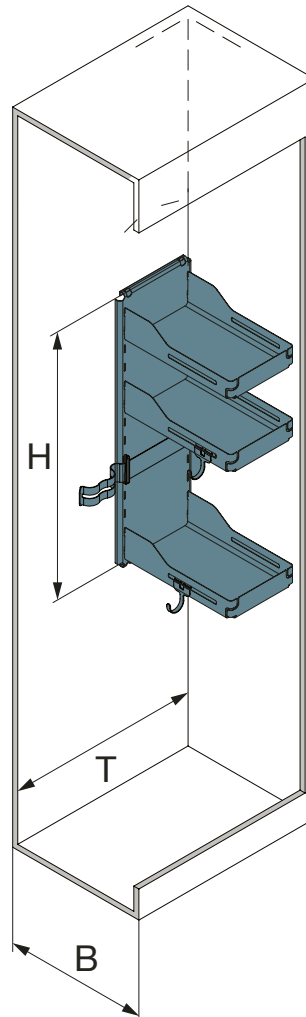

Extra hooks

For clipping onto Libell shelves in Sesam

EXTENDO PULL-OUT SHELF

The stylish pull-out shelf that maximises storage space in units

CONFIGURATIONS

Extendo Libell, white

Extendo Libell, silver

Extendo Libell, anthracite

Extendo Fioro, anthracite

DISTINGUISHING FEATURES

- A stylish storage solution for living areas and dressing rooms
- Perfect for storing clothes, shoes and accessories
- Easy front access and a complete overview of contents when fully extended
- Uses every last inch of space in the unit
- Shelves can be fully extended
- Can be fitted in any unit, up to widths of 900 mm
- Can be retrofitted
- The shelves' bases are closed, so delicate fabrics will not catch on them
- Compatible with any kind of unit – even units with hinged doors or no doors at all

- The Click Stop locking mechanism prevents Extendo pull-out shelves from rolling back into the unit too soon

OPTIONS

Adjustable extra shelves

These extra shelves can simply be placed on top of the shelves, and their angle can be adjusted – ideal for storing shoes.

Wooden boxes

Handmade oak boxes of various sizes for storing jewellery and accessories. You can stack and rearrange them however you like.

Divider

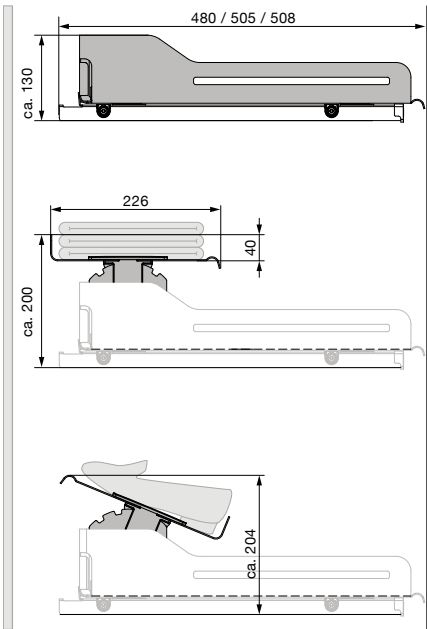

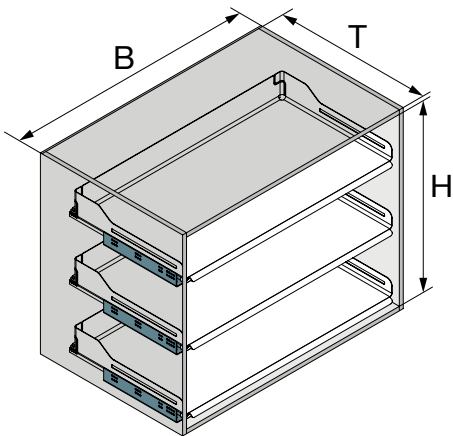

Magnetic dividers are a flexible way for you to organise your shelf space. You could even use them as bookends in the living area.

Click Stop

The locking mechanism for pull-outs Click Stop temporarily transforms a movable pull-out shelf into a fixed work surface.

PLENO STANDARD SHOE PULL-OUT

The contemporary shoe pull-out that gives a clear overview

CONFIGURATIONS

Libell shelves, white

Libell shelves, anthracite

DISTINGUISHING FEATURES

- Clear, compact shoe storage
- The whole shoe rack slides forward when the door is opened

- Moves smoothly and quietly
- The stable Libell metal shelves can be clipped into the frame at any height
- The shelves' rounded corners make them easy to clean

- For hinged doors with standard hinges (front panels with handles or handle-free front panels with push-to-open system)
- Can be mounted on the right or left
- Soft opening and closing
- Mounted on ball bearings for smooth movement when pulled out

OPTIONS

Adjustable extra shelves

An extra storage shelf to maximise use of space. The extra shelf can be positioned at three different angles, depending on the shoes being stored there.

Non-slip mat

The non-slip mat stops the unit's contents from sliding around.

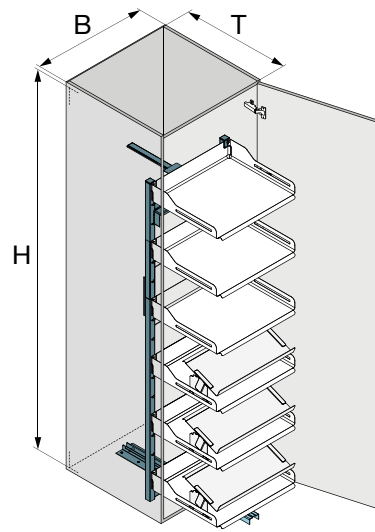

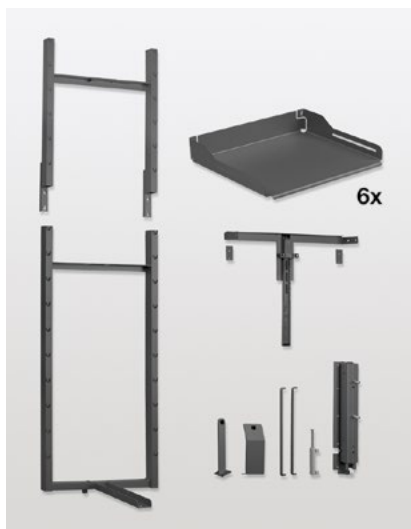

Wooden boxes

Handmade oak boxes of various sizes for storing accessories like shoe horns, shoe cleaning brushes and shoe laces.

SHOE RACKS

Handy accessories for organised shoe storage

 swiss made

PRODUCT OVERVIEW

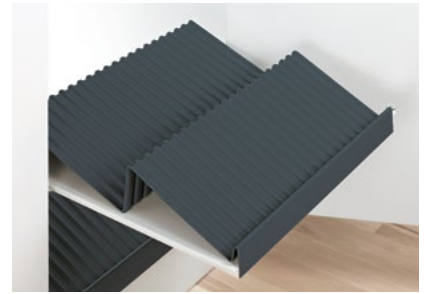

Shoe shelf for Extendo

An extra storage shelf to maximise use of space. The extra shelf is easy to attach to Libell shelves and can be positioned at three different angles, depending on the shoes being stored.

Shoe rest set

This practical shoe rest set has a closed plastic base, so any dirt or water is retained in the tray.

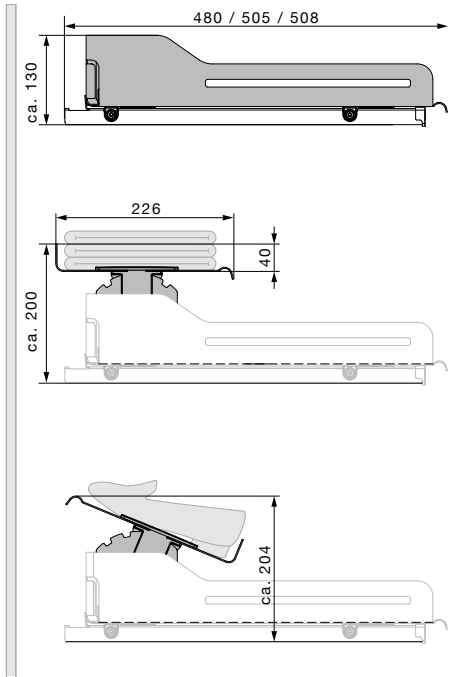

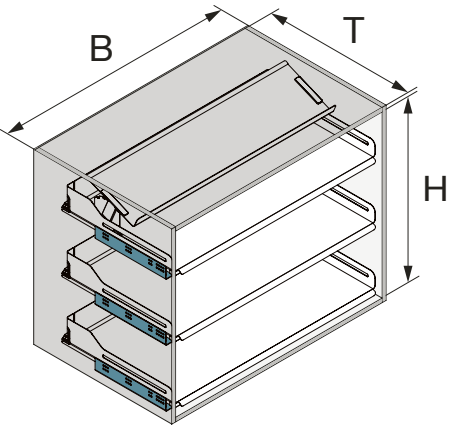

Shoe rest

This plastic shoe rest can be cut to the width you need. Its closed base prevents dirt and water from escaping and can be cleaned quickly and easily. It can be fitted in units of any width.

A close-up photograph of a modern kitchen storage system. It features two black, tiered shelves. On the upper shelf, two cylindrical black containers with light-colored wooden lids are visible. On the lower shelf, a large black pot with a lid and a silver knob is partially shown. The background is a plain, light-colored wall.

INNOVATION
IS PART OF
OUR TRADITION

Passionate about helping you enjoy your home

Your enjoyment of your home is our chief concern. We at peka are passionate about enhancing your enjoyment of your home with our practical, flawlessly made furniture fittings that combine an attractive appearance with unmatched quality. We have been developing and manufacturing pull-outs, accessories and smart interior solutions for the kitchen and furniture industry for over fifty years. Thanks to our steadfast commitment to finding out exactly what our customers want, our products are always designed to respond to real needs, so it is only natural that they stand out through their user-friendliness, unparalleled quality and space-saving design.

Our unwavering dedication to producing inventive, space-saving solutions and our resolute refusal to compromise on quality and functionality have made us a global leader in our industry. Today, we are one of the top market providers of larder unit pull-outs, slide-out corner systems and ecologically designed waste sorting systems. Our numerous international patents stand testament to our ingenuity.

Three generations of expertise

Our company's history goes back to 1964, when Ernst Weber founded peka, a small company manufacturing drawer runners, in Mosen, Switzerland. Thus the foundations were laid for the company now known as peka-metall AG.

His son Peter and Peter's wife Marlis joined the business at a young age, followed shortly afterwards by his son-in-law Osi Merz. Siblings Beni Weber and Sandra Weber Blättler have been with peka for around 10 years and have headed up the company since January 2015.

peka currently employs around 130 people in Mosen, on the shores of Lake Hallwil near Lucerne.

Better living starts with a sheet of metal

So what is the secret to our success? Probably the fact that we constantly strive to find smart solutions to everyday problems. That may sound simple, but it takes persistence and unwavering attention to detail. We put ourselves in our customers' shoes and seek out the little annoyances that niggle at you in day-to-day life – like the precarious pile of brooms, dusters and ironing equipment that always seems ready to collapse on top of you when you open your cleaning cupboard, or the wire baskets in your kitchen units, with their open bases that let small items fall through. Thanks to our steadfast commitment to finding out exactly what our customers want, our products are always designed to respond to real needs, so it is only natural that they stand out through their user-friendliness, unparalleled quality and space-saving design. Besides, peka's track record of innovation is backed up by numerous international patents.

CORE EXPERTISE

If you are looking for top-quality sheet-metal products, you have come to the right place! peka develops and manufactures a range of complex movement mechanisms for cabinets, which can be equipped with shelves, trays, pull-out systems and much more. The user-friendly design of our storage space solutions for kitchen and living-room furniture puts them ahead of the pack. We and our customers are not the only ones to praise our products: independent experts really rate them too, as evidenced by the multiple awards won by various peka products.

At peka, every step of the manufacturing process takes place under one roof. From strip steel to the packaged, ready-to-send product: our manufacturing process uses highly efficient machines to shape a wide variety of material grades and dimensions and assemble them into products that are sure to delight people of all ages, whatever their living situation – after all, our products make it a lot easier to cook and, more broadly, enjoy life in your home.

A LEADERSHIP POSITION BACKED BY THE LATEST INFRASTRUCTURE

It takes state-of-the-art infrastructure to be a market leader. Our manufacturing equipment comprises progressive presses with and without servo drive, CD and laser welding machines, the latest press brakes and an extremely efficient powder coating facility.

Our infrastructure is just one of the factors in our success; our highly skilled, customer-oriented workers are the other. With our years of experience in sheet-metal working, particularly sliding systems and fittings, peka is a partner you can rely on. Should you want your own custom-made product batch, we can work with you across the entire production process, from engineering to assembly.

Partner of „Virtuelle Fabrik“

peka is one of the 23 partners of Swiss mechatronics platform Virtuelle Fabrik, a network of industry partners devoted to innovation, development and manufacturing in mechatronics. Virtuelle Fabrik offers comprehensive solutions that foster product innovation, allowing members to benefit from consolidated expertise in consultancy, research, design, engineering, mechanical manufacturing and assembly.

DESIGNING AND MANUFACTURING SHEET-METAL PRODUCTS FOR YOU

If you are looking for a partner for your sheet-metal products, we may well be the perfect choice for custom medium- or large-batch production. peka has decades of experience in sheet-metal working, particularly sliding systems and fittings. Our experience is rooted in close cooperation with our customers. All of our products are the fruit of intense, individual dialogue with their future users. We want you to tell us exactly what you need your product to do, so that we, as your industry partner, can make it possible.

So why not tap into our expertise and reap the benefits of cutting-edge manufacturing at peka? Whether you need us to handle a particular stage or the entire production process, we can assist you with every step of developing and manufacturing your perfect product, from engineering to component assembly.

DISCOVER PEKA: LIVE AND ONLINE

You can find our entire product range online at www.peka-system.ch. Our website features up-to-date information on our latest innovations and all our current products, while brochures, technical documentation, CAD drawings and assembly instructions can be viewed easily at the click of a mouse.

Part of the association for leading manufacturers
peka is member of the Association of Swiss Locks and Builders Hardware Manufacturers, which represents Switzerland's leading producers of builders' hardware, locks and cylinders.

Part of the association for kitchen specialists
peka is a member of the Swiss industry association for kitchen specialists.

QUALITY MATTERS TO US

A product brings joy from the time it is ordered and throughout its lifetime: to us, that is the definition of a quality product that deserves your attention. As you can see, we have set the bar high! We work closely with external testing institutes to determine every last step that must be taken to guarantee an excellent product – from assembly to use and possible manipulations.

Our stress tests entail using appropriate equipment to perform extensive movement and load tests in a continuous cycle – all to ensure stress-free enjoyment of our finished products.

We have complied with international EN ISO 9001 quality assurance guidelines for development, production and administration since 1994.

peka products have secured multiple awards from prominent design and furniture judging panels. These 'seals of approval' are further proof of our products' top-quality design and superlative user-friendliness.

peka-metall AG received a Rating Certificate with Risk Indicator 1 (minimum risk of business failure) from business information specialist Dun & Bradstreet (Schweiz) AG in 2015.
